"Oh To Know Him"

Oh to know Him
Oh to trust in Him
Oh to know Him as my friend
Oh to rest in Him
Oh to know Him
Oh to believe in Him
Oh to know love without end
Oh to be loved by Him

Let not the wise man glory in his wisdom nor the strong
man glory in his strength

Let not the rich man glory in his riches but let him that
glory glory about this.

That he understands Gods loving kindness and that
God has set him free Gods judgement and Gods
righteousness and His tender mercies.

Well it pick me up and it saved my life and its been my
truest friend I glory that He knows me and that I do
know Him.

Let not the singer glory in their singing or the preacher
glory in their many words

Musicians do not glory in your melody only glory in the
holy one you serve

You should understand Gods loving kindness God has
set you free Gods judgement Gods righteousness
Gods tender mercies.

You pick me up turn me around you been my truest
friend I glory that He knows me and that I do know Him.
