Well at last, that is alright,
Engrave it in my soul,
Tearing up my heart,
Making love deeper,

Cold the past where the laugh you'll be alright
Better move the show oh, oh
tell it from your heart, before it goes deeper

Is cold outside but you keep saying, It's getting too late,
even though it cross my mind about asking you to stay
I just give it away, give it away

I need love
Give me something inside
I need love
Give me something inside
I need love Oh yeah!
Give me something inside
I need love (Give me something inside)
Give me something inside

Well at last, that is alright,
Engrave it in my soul,
Tearing up my heart,
Making love deeper,

Cold the past where the laugh you'll be alright
Better move the show oh, oh
tell it from your heart, before it goes deeper

Is cold outside but you keep saying, It's getting too late,
even though it cross my mind about asking you to stay
I just give it away, give it away

I need love

Give me something inside
I need love
Give me something inside
I need love Oh yeah!
Give me something inside
I need love (Give me something inside)
Give me something inside

I tried to make it last (x4)
