A Robot's Heart lyrics

Send "A Robot's Heart" Ringtone to your Cell

Here I am

At this very moment

Standing still

Waiting for an answer

But there you are

Standing stiff and silent

Drowning deep

In the sea of darkness

Blind and deaf you are

Emotionless you are

Why can't you just

Wake up and open your eyes

But when I'm looking

Straight at you

I see a robot living in you

I'll go search forever

I'll go search everywhere

I'll find your missing heart

And return it

To where it belongs

So there will be one day

Where you will see me

With your eyes wide opened

And love me

With your true heart and soul

Now I'm near

To my so-called rescue

Tearing up

Your rigid steel walls

But it's so hard

To reach the heart within

That's crying softly

With it's arms wide opened

You don't understand
That when everything that happens
Goes wrong
I'll be there for you
