I wake up in the morning
With a smile on my face
I've never had this happen for the longest time

Emptiness in my mind
Clearing up my sorrow
I'm feeling like I'm brand new again

And I ask myself how
And I ask myself why

Oh why,
Can't I handle this?
And keep it out of my mind
Even for a little while
I want to know who you are
But it's not possible, not possible to me
Impossible to me

It's the girl that I saw
Who got my mind blown away
The very first glance I caught of your eyes

But I can never reach you
I know nothing about you
Maybe it's meant to be after all

And I ask myself how
And I ask myself why

Oh why,
Can't I handle this?
And keep it out of my mind
Even for a little while
I want to know who you are
But it's not possible, not possible to me
Impossible to me

I wake up in the morning
With a smile on my face
I'll never have this happen, again
