I know a girl
She talks to me, like she's
Never seen me before

(But) I know her well
It's very strange, that she's
Pretending all along

But who knows
What's on her mind?
I've been wondering for the longest time
Please tell me,
Just tell me,
That she's just playing hard to get

So it's you, it's you, it's you
You are the one, the only one,
Out of the millions out there ooh

It's you, it's you, it's you
I'll search forever
I'll give it up never
For you are the girl of my life
It's you

She looks at me
I look at her, and she
Quickly turns away

They always say
When she likes you, she acts
So shy and out of control

But who knows
What's on her mind?
I've been wondering for the longest time
Please tell me,
Just tell me,
That she's just playing hard to get

So it's you, it's you, it's you

You are the one, the only one,
Out of the millions out there ooh

It's you, it's you, it's you
I'll search forever
I'll give it up never
For you are the girl of my life
It's you

Oh please don't make me wait any longer
Cause' I don't see why it's so wrong
For you to just be yourself
Be yourself

It's you, it's you, it's you
You are the one, the only one,
Out of the millions out there ooh

It's you, it's you, it's you
I'll search forever
I'll give it up never
You are the one, the only one
For you are the girl of my life
It's you
