If the moon on high fails to signify  
anything to you  
If a starlit sky finds you there alone  
No arms to cling to you  
If the splendor of the night  
hasn't any message it can bring to you  
Wait lonely one wait  
Love may be just a little bit late.

One never knows does one?  
When love will cone along  
Then so suddenly  
Life turns out to be a song  
Hm hm

One never knows does one?  
The moment or the place  
Then right before your eyes  
Someone occupies your embrace.  
Someday look and you'll find  
two hearts were blessed  
Someday fate may be kind  
pray for the future  
hope for the best.

One never knows does one?  
That's just the way it goes.  
All at once you hear,  
Hold me, caress me and then  
love, may come but when?  
One never knows does one?
