"Ink Pot"

Put some love in your heart
Like you put the ink in the inkpot.
Learn it and you will enjoy it baby
To put the ink in the inkpot.
Shu-bi-do-ah
Shu-bi-do-ah

Shu-bi-do-ah
Shu-bi-do-ah.

You can play with every thing
But you cannot play with your heart
Fooling around make it mean
And then I'm feeling that we'll be apart.

Put some love in your heart...

Your mama taught you how to pray
But once you will be a grown-up girl
But what you also have to learn
That is how to love somebody in this world.

Put some love in your heart...
