I'm a fake, I'm all bad, I'm all hype  
whatever I say, don't believe me  
I'm a flake, ain't it sad, I'm your type  
whatever I do, you won't leave me

stay out all night, strung out on crack  
face my contempt or get stabbed in the back  
fire in my eyes, frost in my heart  
still you don't wanna part

one more chance  
I ask, one more chance

you and me, we were meant to be  
I didn't mean to hurt you  
can't you see, we were meant to be  
I didn't mean to hurt you, baby

I'm so sly, I'm a flirt, I'm untrue  
whatever I say, don't believe me  
so you cry, so you hurt, so what's new  
whatever I do, you won't leave me

caught in the act, lie my way out  
give me the benefit when there's no doubt  
think that you knew right from the start  
still you don't wanna part

one more chance  
I ask, one more chance

you and me, we were meant to be  
I didn't mean to hurt you  
can't you see, we were meant to be  
I didn't mean to hurt you, baby

you wait by the phone for my call  
meanwhile I'm havin' a ball  
I doubt if I call you at all

you and me, meant to be

you and me, meant to be  
you and me, meant to be  
you and me, meant to be (to fade)
