If there's a time when the tears should fill your eyes
And you can't see past the shadows
To the sun on the other side
Don't despair because there always will be someone
there
Don't lose faith
Love won't let you lose your way, because you

You'll never stand alone
I'll be standing by
I'll keep you from the cold
I'll hold you when you cry
I'll be there to be strong when you can't find the
strength inside and you
You'll always have a home
In these arms of mine
You'll never stand alone
Love is standing by

If there's a day when the rain should find your heart
And you're cold inside and lonely
And this world has you in the dark
Don't be scared you can just reach for me and I'll be
there
Don't lose hope
Love will see you through you know, because you

You'll never stand alone
I'll be standing by
I'll keep you from the cold
I'll hold you when you cry
I'll be there to be strong when you can't find the
strength inside and you
You'll always have a home
In these arms of mine
You'll never stand alone
Love is standing by

Standing by to lift you up of all the the hurt and pain
Oh, yeah, no, no, no
Standing by to carry you through

All the tears and rain reach from me
(I'll be with you) oh reach for me yeah
(I'll see you through) see I'll be the one to hold you
The one to show you that you

You'll never stand alone
I'll be standing by
I'll keep you from the cold
I'll hold you when you cry
I'll be there to be strong when you can't find the
strength inside and you
You'll always have a home
In these arms of mine
You'll never stand alone
Never, never, never...
Love is standing by

(You'll never stand alone
I'll be standing by
I'll keep you from the cold)
I'll hold you when you cry
I'll be there to be strong when you can't find the
strength inside and you
You'll always have a home
In these arms of mine
You'll never stand alone
Never, never, never...
Love is standing by

Love is standing by
Love is standing by
