Indecision, it's all upstairs  
In the hide-away  
In the closet  
It's where you keep your clothes  
Where you hide your gun  
You've got no bullets  
But pull the trigger for fun

Your city's sleeping  
Your city's sleeping  
Underneath the blankets you're still screaming  
So keep it in  
Hold it tight

You should let go of all that you've been thinking  
It's time you realize  
Or throw it all away  
It's all a charade  
It isn't worth it anyway  
So tell your friends that you'll see them soon  
If you see what everyone else sees  
Whatever they say you are  
That's what you'll be

Your mind is pacing  
Fists clenched  
Your tired fingers are searching, searching again  
It makes sense  
You've seen this before  
In your room at night  
Behind a locked door  
This is not the bitter end  
This is not the bitter end  
This tragic story's final draft will not be handed in  
So spin the record  
One more time  
And watch it go round and round again

It's time you realize  
Or throw it all away  
It's all a charade

It isn't worth it anyway  
So tell your friends that you'll see them soon  
If you see what everyone else sees  
Whatever they say you are  
That's what you'll be
