Sophisticated sons be good don't turn to evil. i'm sorry  
to insist. don't worry don't worry. you can win. you can  
win. you can win. for the better part of life. hunted by  
the assasins. ready to starve. blankets all ages. all  
season. all dawns. all nights. were bear on the cheeks  
or better. on the finger-tips. as the ants got back in line.  
we rearranged our things our things. to the north to the  
north to the north to the north. (as the ants got back in  
line). ditch your sons let the glory ring out. ditch your  
sons let the glory ring out. we are headed there alone.  
we are headed there
