

Shocking Blue "Alaska Country"

Visit "[Alaska Country](#)" on MotoLyrics.com

There's no better way of being alone
Down in my land, my beautiful land
A nature of God all covered with snow
A pleasure to be and good times to spend

REFRAIN:

Alaska Country - stay the way you are
Alaska Country - you never cheated me
Na-na-a-a

I wanna know that

Alaska Country

Seven days a week

And seven lonely nights

Plenty of time to find myself again

So that I'll know what I was

Created for

To have a good life where there's no pain
