Once I had a boyfriend
He was so tall and strong
He knew what I needed
When I was all alone
Then he said to me
I'll care for you day and night
And never for sake you
Yes I'll stay by your side
Don't be afraid girl
You're the one the one I love
He said: "'Cos you're my blossom lady
You're my blossom lady."
But I want you later
I was as lonely as I was bure
I saw my boyfriend
At some more door girls door
And there was the third again
I saw them they did broke away
Then I remember what do you still say?
Don't be afraid girl, you're the one
The one I love don't be afraid girl
He said: "'Cos you're my blossom lady
You're my blossom lady
