a stranger to the place she says to relax
that nervous is bad
it's not about to change so just you sit back
and don't be concerned with the facts

now Im
caught inside no where to go well I should've seen it
coming
caught inside no where to go well I should've seen it
coming
your lies are quite a load and I gatta role
caught inside no where to go no where to go no where
to go no

caught inside eden
a home that I could never forgive
lose my way and then you lead me over the edge
I should've know that my soul never needed you
no I never needed you
I never needed you

a cold in my veins her beauty is ice
freezing my mind
a gold and silver cage well isn't it nice
a prisoner, prize no Im not now

caught inside no where to go well I should've seen it
coming
caught inside no where to go well I should've seen it
coming
your lies are quite a load and I gatta role
caught inside no where to go no where to go no where
to go no

caught inside eden
a home that I could never forgive
lose my way and then you lead me over the edge
I should've know that my soul never needed you
no I never needed you
no I never needed you
