why you wait for the range
then cast a stone and step away
is it me Im a freak
how bout your insecurities

is it rage or the way
that you were weened amidst the hate
is it pure or a fake
well either way it makes me sick to see

what Im made of
(what Im made of) (what Im made of)
can't take any more and I can't get away
(what Im made of) (what Im made of)

if Im brave and Im wrong
would you pray for me more
pray for me more
if I dare to be strong
would you pray for me more
pray for me more

and they say it's just a stage
that you are going through a phase
well it's hard though Im brave
is it my color, creed, or faith you hate

what Im made of
(what Im made of) (what Im made of)
can't take any more and I can't get away
(what Im made of) (what Im made of)

if Im brave and Im wrong
would you pray for me more
pray for me more
if I dare to be strong
would you pray for me more
pray for me more

why you wait for the range
then cast a stone and step away
is it your style of zen
or are you obligated to test my skin

if Im brave and Im wrong
would you pray for me more
pray for me more
if I dare to be strong
would you pray for me more
pray for me more

if Im brave and Im wrong
would you pray for me more
pray for me more
if I dare to be strong
would you pray for me more
pray for me more
pray for me more pray for me more pray for me more
what Im made of
oh pray for me
pray
pray for me
oh
