### "Beautiful Eyes"

And I saw the light  
And we lit it up  
And we lit it up

And I saw you  
And you lit it up  
And you lit it up

And city sleeps  
And the lights go off  
She looks at me with those beautiful eyes  
And it makes me wonder what she's thinking

And I saw you  
It was you  
It was you

And I thought about it  
It was you  
Nobody but you

And city sleeps  
And the lights go off  
She looks at me with those beautiful eyes  
And it makes me wonder what she's thinking

Across the room  
I saw you  
I saw you

And city sleeps  
And the lights go off  
She looks at me with those beautiful eyes  
And it makes me wonder what she's thinking
