Verse:

As a lightning they strike  
No warning - their armies attack  
In the dark of the night  
Destroying it all  
Our kingdom - our freedom  
No mercy at all!

Verse:

They attack our way  
There is no option  
We must fight to protect our lives!  
To fight or be slaves  
No reason to choose  
Destiny calls my name!

Prechorus:

Through unknown lands  
Across the sea  
To face our destiny  
We fight for victory  
To the end and beyond!

Chorus:

Oh-oh-oh  
We will fight 'till we die  
But with glory we fall  
Oh-oh-oh  
You will hear our freedom call!

Verse:

As we ride through the fields  
The sun will enlighten  
The banners that carry our names  
We're soldiers of steel  
Defenders of valour

Through all eternity!

Verse:

A cry in the wind  
Our enemies flee  
By the sound of a glorious call  
With faith in our hearts  
We fight for our vengeance  
And freedom for all!

Prechorus:

Through unknown lands  
Across the sea  
To face our destiny  
We fight for victory  
To the end and beyond!

Chorus:

Oh-oh-oh  
We will fight 'till we die  
But with glory we fall  
Oh-oh-oh  
You will hear our freedom call!
