### "Sing out!"

Sing a new song to the world  
Let your voice be heard  
Go and bring the word  
This whole world was meant to be  
For you as well as me  
For humanity

We all travel the same road  
Carry the same load  
Reap what we have sowed  
You are hoping just like me  
To live with dignity  
Hoping to be free

Sing out, sing out, sing to the world  
Sing out, you will be heard  
Sing the message and the word  
Sing a new song to the world  
Sing out, sing to the world

If your God's the same as mine  
Has been for all time  
Why are we so blind?  
What we're doing in His name  
Well, it's a crying shame  
We all cry the same

Sing out, sing out, sing to the world  
Sing out, you will be heard  
Sing the message and the word  
Sing a new song to the world  
Sing out, sing to the world  
(4x)
