"Always"

Girl you are to me, all that a woman should be
And I dedicate my life to you always
The love like yours is grand
It must have been sent from up above
And I know you'll stay this way for always

* And we both know
That our love will grow
And forever it will be you and me

** Ooh your life is sun
Chasing all the rain away
When you come around you bring a brighter day
You're the perfect one
For me and you forever we'll be
And I will love you so for always

Came with me my sweet
Let's go make a family
And they will bring us joy for always
Ooh boy I love your soul
I can't find enough ways to let you know
But you can be sure of yours, for always

[Repeat * , **]

And forever it will be you and me

[Repeat **]

And I will love you so for always
