Doot doot doot-doot doot

Well she first caught my eye a runnin' round in shorts

But she never bothered with her hair

Just a barefooted chick with all skinned up knees

Yeah she didn't care what she'd wear

(All dressed up for school)

Dressed up for school, ooo what a turn on

Dressed up for school, ooo what a turn on

Dressed up for school, ooo what a turn on

All dressed up for school

All summer long she had a crush on me

But I just couldn't care at all

But new to school threads really did it for me

Yeah she's turned into a doll

(All dressed up for school)

Dressed up for school, ooo what a turn on

Dressed up for school, ooo what a turn on

Dressed up for school, ooo what a turn on

All dressed up for school

Weah

Goes out every night 'cause she's a sharp little doll

And the guys can't leave her alone
Now she hardly finds the time to talk to me
She's not the little girl I've always known
(All dressed up for school)
Dressed up for school, ooo what a turn on
Dressed up for school, ooo what a turn on
Dressed up for school, ooo what a turn on
All dressed up for school
Doot doot doot-doot doot
