Lie alone in bed at night

Feel the pull of a lonely day

Thoughts like music start to play

I wonder where you were today

(Baby blue)

Baby baby blue

Baby blue eyes I dream of you

Late at night

When the whole world's sleeping

I dream of you

Close to you I feel your sweet heart beating

I dream of you

Late at night late at night

Honey late at night I dream of you

I dream of you

Baby baby blue

Baby blue eyes I love you new

I hold you in my dreams tonight

Hold you 'til morning light

(Baby)

Baby baby blue

(Baby blue)

Baby blue eyes I dream of you

(Baby)

Baby baby blue

(Baby blue)

Baby blue eye I dream of you

(Baby)

Baby baby blue
