Had to phone ya'

Had to phone ya' just to talk to you

Had to phone ya' just to tell ya' I was missing you

It lifts my spirits every single time

Sometimes you're busy for awhile

But when you get through It makes me smile

A-when I phone ya'

California's not so far away

You're not alone ya' know I'm only just a dial away

I visualize that you're looking fine

Feels so good when you come on the line

You (you) you (you) you (you) you (you)

You (you) you (you) you (you) you (you)

You (you) you (you) you (you) you (you)

You (you) you (you) you (you)

Come on

Come on and answer the phone

Come on come on (I hope you're home)

Come on and answer the phone

Come on come on (I hope you're home)

Come on and answer the phone

Come on come on (I hope you're home)

Come on and answer the phone

Come on come on (I hope you're home)

Come on and answer the phone

Come on come on (I hope you're home)

Come on and answer the phone

Come on come on (I hope you're home)
