Well I've gone steady with a-lots of girls

And to all of them I tried to be true

But I'm so glad I never promised them

What I promised you

And that's I do (I do, yes I do)

Take you (take you, I'll take you)

For my wife (for my, for my wife)

For the rest of my life (ah yes the rest of my life)

Well I heard from my folks

Time and time again

To make sure that I found the right one

And every time you meet

Your heart will beat

And you'll want to say

You'll say I do (I do, yes I do)

Take you (take you, I'll take you)

For my wife (for my, for my wife)

For the rest of my life (ah yes the rest of my life now)

Oh yes I do (I do, yes I do)

Take you (take you, I'll take you)

For my wife (for my, for my wife)

For the rest of my life (ah yes the rest of my life now)

Ah ha ha I do (I do, yes I do)

Take you (take you, I'll take you)

For my wife (for my, for my wife)

For the rest of my life (ah yes the rest of my life now)

Ah ha ha I do (I do, yes I do)

Take you (take you, I'll take you)

For my wife (for my, for my wife)

For the rest of my life (ah yes the rest of my life now)

Ah ha yes I do (I do, yes I do)

Take you (take you, I'll take you)

For my wife (for my, for my wife)

For the rest of my life
