I know so many people who think they can do it alone

They isolate their heads and stay in their safety zone

Now what can you tell then

And what can you say that won't make them defensive?

I know there's an answer

I know now that I have to find it by myself

They come on like they're peaceful but inside they're
so up tight

They trip through the day and waste all their thoughts
at night

Now how can I come on

And tell them the way that they live could be better

I know there's an answer

I know now that I have to find it by myself

Now how can I come on

And tell them the way that they live could be better

I know there's an answer

I know now that I have to find it by myself
