We're always first to hit the lot

And wave to the man in blue now

(Doo run de run de doo run de run de)

It's still so early in the morning

The grass is all covered with dew now

(Doo run de run de doo run de run)

She's turning on the radio dial

We can sit a listen for awhile

She looks so great in the morning

She doesn't even have to try now

(Doo run de run de doo run de run de)

It's not my metal flake paint that

The guys are digging when they pass by now

(Doo run de run de doo run de run)

Outside it could storm

But we'll still keep warm

All the kids are splitting to their lockers

But we're still making out in the car now

(Doo run de run de doo run de run de)

Just one long kiss and we'll be gone

'Cause two minutes all there are now

(Doo run de run de doo run de run)

Here comes the news

There's no time to lose
