I've been cruisin' round the town now with the guys for
quite a while

We been thinkin' 'bout starting up a club that shows
some class and style

And we'll get the finest cars

We got a Deuce Coupe, a Stingray, a rent job (??) and
an XKE

(We'll start a car club)

We'll be the fastest at the drags, man, we'll really cut
some low ETs

(We'll start a car club)

And wipe out the other clubs

We'll set a meet, and get a sponsor, and collect some
dues

And you can bet that we'll have our jackets on wherever
we cruise

We'll get the roughest and the toughest initiation we
can find

(We'll start a car club)

And if you want to try to get in we'll really put you
through the grind

(We'll start a car club)

This club's the very best

We'll set a meet, and get a sponsor, and collect some
dues

And you can bet that we'll have our jackets on wherever
we cruise

We'll get the roughest and the toughest initiation we
can find

(We'll start a car club)

And if you want to try to get in we'll really send you
through the grind

(We'll start a car club)

This club's the very best

Start a club, a car club

(Start a car club)

Start a club, a car club

(Start a car club)

Start a club, a car club

(Start a car club)

Start a club, a car club

(Start a car club)
