Now here we are together

This would've been worth waiting forever

I always knew it'd feel this way

And please forgive my shaking

Can't you tell my heart is breaking?

Can't make myself say what I planned to say

Baby

Please let me wonder

(If I've been the one you love)

Please let me wonder

(If I'm who you're dreaming of)

Please let me wonder, love

I built all my goals around you

That some day my love would surround you

You'll never know what we've been through

For so long I thought about it

And now I just can't live without it

This beautiful image I have of you

Baby

Please let me wonder

(If I've been the one you love)

Please let me wonder

(If I'm who you're dreaming of)

Please let me wonder, love

Please let me wonder

(If I've been the one you love)

Please let me wonder

(If I'm who you're dreaming of)

Please let me wonder, love

I love you
