Rah rah pom pom play girl

Pom pom play girl

(Oooooo)

You see her in a short skirt down on the grass

She's wonderin' if the team's gonna run kick or pass

(Chi chi bah oooooo)

Since she doesn't really know why she's wavin' her hands

She's a-thinking 'bout the boy sittin' up in the stands

Rah rah pom pom play girl

Pom pom play girl

(Chi chi bah)

Just a little social clique with the other song queens

With a freshman or a sophomore she wouldn't be seen

(Chi chi bah oooooo)

She's a doll and she knows it and she thinks that her face

Will get her any body any thing and any place

Rah rah pom pom play girl

Pom pom play girl

Oooooo

Chi chi bah

(Oooooo)

Since she's the head cheerleader she dates the
quarterback

And her best friend's going out with the full back

(Chi chi bah oooooo)

She might even run for an office this Spring

And that ought to really make her telephone ring

Rah rah pom pom play girl

Pom pom play girl

(Chi chi bah pom pom play girl)

Wooooo

Shake it

Wave those pom poms all around

Wow
