Say revolution! Who'll love you now?  
Say revolution all the way  
Start it up in front of me  
You betray all I can see with holy gram and x-ray vision  
too  
A devils' knob, a witches' tale  
A story told beyond the veil with Superman and Jesus  
too  
Say revolution! Who'll love you now? Say revolution all  
the way  
Captain Bob and the Porno Priest, crash-spill migrant at  
my feet  
I thought of murder then I thought of you  
Numbered bones and Russian roulette  
Suck and see lest you forget you bit off more than you  
can chew  
Say revolution! Who'll love you now? Say revolution all  
the way  
Sash for the Wide Boy, fool for their eyes  
Say revolution all the way  
Live in a state of irony, the bastion of nationality  
With the courage of bulls I now know what to do!  
Protest the flag that's all of me,  
Forever and ever what will be  
The silence is but a dream of the womb.  
One day you'll be cleansed away,  
Rasputin in a devils' cage  
Where the Bogey Man will always come for you!  
The deed is done, a gift from Mars  
A perfect kiss on a long-shore drift  
Say revolution! Who'll love you now? Say revolution all  
the way  
Long live the New Flesh! Long live the I! Say revolution!  
Man slaughter hive.  
China play before the war, kick my head and you might  
score  
Pleasure and pain it's all the same!  
Urban sprawl in the shopping mall, China Hand in the  
Never Land  
In the Gallery of Absolute, the future begins
