Get on the mic Mike let's be real and don't cloud the  
issue

The rhymes are rope an M.C. you must listen to

People say that they been missin' me and missin' you

Get on the mic and let's show them like we used to

You say fuck that I say fuck this

The king Ad-Whammy has never been limp Dick Butkus

One half science and the other half soul

His name's Mike D. not Fat Morton Jelly Roll

M.C. Busy Le Disco fooled around in Fresno

Got over on your girl cause you know she never says no

Well Mike D. is a special individual

Pulling out knots pulling in residuals

Go to the movies get the Rolos the cholos riding slow  
and low

Mike on the mic and bust with the solo

Mike my stromy don't be so selfish

Get on the mic cause you know you eat shellfish
