Made a noise invented a sound
When Brian Wilson used it A hit was found
If only I could have imagined
The square waves running through his head
Square wave - people couldn't believe it
Square wave - all the way to Carnegie hall Square wave
One rod for Pitch
Electro Magnetic Fields
Wired up Sing Sing
hung out with Einstein
For all All of his brilliant innovation
Sent off to a siberian reservation
Square wave - people couldn't believe it
Square wave - all the way to Carnegie hall Square wave
You catch a bad one
Shit happens with the games you run
Never thought the day would come
It Ain't Tomorrow 'Till the day is done
A-Son - you caught a bad one
Yea son - changes we go through
Catch a bad one - think the world owes you

Yea son - what do you owe me?

Catch a bad one, c'mon son show me

Yea Son - Till the day is done

Catch a bad one - time to pay attention

Yea Son - All That's stress can equal none

A Son - you caught a bad one

Shit happens with the games you run

Even if it's a battle you won

The new day starts when today is done

A Son - you caught a bad one

Yea son - what in the fuck the world owes you?

Catch a bad one - when nothing goes through

Yea son - All about the c.r.e.a.m.

Catch a bad one - things are not as they seem

Yea Son - here your moms comes

A Son - you caught a bad one
