When I was with you there
Weren't you the one who says?
That you can hardly stand
When we are far away

You're sure we don't long for?
Long for the same nice home
When anything goes wrong
You know you're not alone

Chorus:

The funny thing is what you've done was all
Was all the things you've made up on your own
That seemed to be so real when we were home
I've seen it in your eyes that you felt so
That happiness is easy as we've thought
Somehow you have just changed your mind and gone

Now you are fine alone, no man, no stress, so on...
I want to sing this song, remind you of all

Chorus x1

Solo

Chorus x1

Well do what you want to
And have it all!
