Come and sit next to me
You don't know how nasty I'm here
Close the door can't you see
You've got lot of things to please me

Come and sit next to me
Don't you feel like I am sincere?
Let me in you will see
You would like to be maybe mine
Wanna fuck, wanna wanna wanna fuck?
Wanna fuck tonight maybe you're right
Wanna fuck, wanna wanna wanna fuck?
Tell your friends from now on you're mine
Wanna fuck, wanna wanna wanna fuck?
Wanna fuck here o just for a night
Wanna fuck, wanna wanna wanna fuck?
We'll make it everything's all right
