Verse 1:

Let me tell you bout this strong intelligent fine young
man I fell in love with
Sometime I don't think he understand how truly
dedicated I am
I can't tell you what he do but the truth
Frightens me so I can't sleep at night
If he knew how I need you so would you change
See what I see baby cause your not

Chorus:

Just another thug living the street life
Don't wanna wake up and find you under the street
light
wanna raise kids and grow old with you
If you get lock down you know id ride with you
Just another thug living the street life
Don't wanna wake up and find you under the street
light
Wanna raise kids and grow old with you
If you get lock down you know I'd ride with you

Verse 2:

I'm saying that he's perfect but right or wrong here I
stand
You're the love of my life and though it gets crazy
The life I choose baby is with you
Now they could hit me with the chair and still I wouldn't
care
I'd rather die then betray your trust till death do us part
Always have my heart baby cause your not

(Chorus)

Bridge:

Oh I don't know what id do if I ever lost you
And every time you walk out the door I fall to my knees
Praying god please send him back to me in one piece
Cause he's a good man, I love him, and I need him
Believe in him cause he's not

(Chorus) repeat 2x's
