We're only making plans for  
Da da dirty dirty bison  
We don't like him so much  
'Cos he's very very ug ug ugly  
We're only making plans for  
Da da dark brown bison  
He has a right to live though he's  
Ill I'll I'll ill-shaped  
He's on the way to extinction  
We only want what's best for him

Bear up bison never say die  
Bear up bison never say die  
Bear up bison never say die  
Bear up bison never say die

We're only making plans for  
Da da dirty dirty bison  
We don't like him so much  
'Cos he's very very ug ug ugly  
We're only making plans for  
Da da dark brown bison  
He has a right to live though he's  
Ill I'll I'll ill-shaped

He's on the way to extinction  
We only want what's best for him

Bear up bison never say die  
Bear up bison never say die  
Bear up bison never say die  
Bear up bison never say die
