Piggy shaggy piggy shaggy buggy bug  
I killed a bug today 'cos it came in my room  
I killed a bug today 'cos it was a harmful bug  
I killed a bug today 'cos I hated the color of the bug  
I killed a bug today but I didn't wanna kill it at all

When I found a bug in my room  
I got some tissue paper and smushed it  
The sun was blazing down outside  
Everything nearly melted like butter, ah

I killed a bug today 'cos it ate my chocolate bar  
I killed a bug today 'cos it stung my body  
I killed a bug today 'cos I hated the color of the bug  
I killed a bug today but I didn't wanna kill it at all  
When I found a bug in my room  
I got some tissue paper and smushed it  
The sun was blazing down outside  
Everything nearly melted like butter, ah
