It was very dark from a sudden thunderstorm
Two of went on a romantic drive
We lost our way and we got wet in the rain
Finally found our way to the Devil house

Time warp, time trip
Time warp, time trip

It was a Devil house, I saw it once on TV
It was a Devil house and it was very scary
Devil house, Devil house
Devil house, Devil house

I'm so scared, she said with her shaking lips
Please come inside, said a butler with a funny look
The hands of the clock kept turning all around and
round
Down the hall there was a square dance party

Time warp, time trip
Time warp, time trip

It was a Devil house, I saw it once on TV
Just as Devil house but it was very very scary
Devil house, Devil house
Devil house, Devil house
