On the diet run, there are many delicious temptations  
On the diet run, ice cream and chocolate  
On the diet run, including much cholesterol  
On the diet run, but I wanna eat

You eat everything with keen relish  
Let's chew well before you swallow it  
After meals I desire sweets

On the diet run, I wanna be slender  
On the diet run, thighs, belly, doublechinned  
On the diet run, good bye, superfluous flesh  
On the diet run, but I wanna eat

You eat everything with keen relish  
Let's chew well before you swallow it  
After meals I desire sweets
