Extrasensory perception
She has special powers
Extrasensory perception
She has special powers

I saw her on the TV
I gotta deep impression
She can guess the future
She can guess your past

Is it true or false?
Many skillful tricks
I don't know what's real
Unless I see her face to face

E.S.P., E.S.P., E.S.P.

She knows about ghosts
She can read your mind
But I don't believe her
And I wanna see her

The TV program continues
Irrespective of my thought
Momentary amusements
So for now I'll make a rule of believing

E.S.P., E.S.P., E.S.P.

Does she have E.S.P.?
Yes, she has E.S.P.
Does she have E.S.P.?
Yes, she has E.S.P.

I wanna know, wanna know, wanna know
Wanna know, wanna know
I wanna know what's real

Extrasensory perception
She has special powers
Extrasensory perception
She has special powers

Does she have E.S.P.?
Yes, she has E.S.P.
Does she have E.S.P.?
Yes, she has E.S.P.

I wanna know, wanna know, wanna know
Wanna know, wanna know, wanna know
Wanna know, wanna know

Does she have E.S.P.?
Yes, she has E.S.P.
Does she have E.S.P.?
Yes, she has E.S.P.

I wanna know, wanna know, wanna know
Wanna know, wanna know
I wanna know what's real

Extrasensory perception
She has special powers
Extrasensory perception
She has special powers

Extrasensory perception
She has special powers
Extrasensory perception
She has special powers
