When you open my little box, w-w-wow
Big surprise from me to you, w-w-wow
Give it to you one more time, w-w-wow
You're my friend, so say it again, w-w-wow

Come on now, we're gonna have a good party
Hey, let's eat some honey pie baby
Ooh, the sun is smiling today for you and me

Congratulations
Everything's alright
Congratulations
It'll be alright

Every night I dream of you and me together
But until that day I'll wait for you forever
I can't wait to see you again, w-w-wow
You're my friend until the end, w-w-wow

Come on now, we're gonna have a good party
Hey, let's eat some honey pie baby
Ooh, the sun is smiling today for you and me

Congratulations
Everything's alright
Congratulations
It'll be alright
