Do you know his pet? Oh, yes I do  
Do you know his pet? Oh, yes I do  
Do you know his pet? Oh, yes I do  
Do you know his pet? Oh, yes I do

It's a multicolored carp  
Dressed in black, red and white  
When you clap your hands, then it will appear  
It has a very open mouth  
It's been alive two hundred years  
It can swim very fast like a torpedo shark

Someone said that misos soup  
With carp meat would be tasty  
Then it jumped up very high  
Higher, higher, and higher

Do you know his pet? Oh, yes I do  
Do you know his pet? Oh, yes I do  
Do you know his pet? Oh, yes I do  
Do you know his pet? Oh, yes I do

It's a multicolored carp  
Dressed in black, red and white  
When you clap your hands, then it will appear  
It can understand your words  
Always has a strange look on its face  
It can swim very fast like a torpedo shark

It's a multicolored carp  
Dressed in black, red and white  
Growing bigger and bigger  
Gills, gills, gills, gills
