Feel in your pockets for something fun
Wash your socks and turn them inside out
Try to look hip in old ugly clothes
There'll be something different in your life

*It's a new find, It's a new find,
It's a new find, It's a new
It's a new find, It's a new find,
It's a new find, It's a new

Let's all get up and dance to a song
It gets you feelin' very nice
You can have a strange hair cut
There'll be something different in your life

*repeat x2
I can't find any more but you can find a new way

Sache down the street in platform shoes
You can find some new scenery
Make up with your friend and try again
There'll be something different in your life

*repeat x2
