Felt dreamy inspiration when I saw you yesterday
You gave me an emotion almost lost my way
I felt fascination when I sang your song today
Got your invitation everything's going okay
Keep on rockin', rockin' wanna have a good time with
you
Keep on rockin', rockin' wanna get the power of music
Keep on rockin', rockin' wanna have a good time with
you
Keep on rockin', rockin' wanna get the power of music
Felt dreamy inspiration when I saw you yesterday
You gave me an emotion almost lost my way
I felt fascination when I sang your song today
Got your invitation everything's going okay
Keep on rockin', rockin' wanna have a good time with
you
Keep on rockin', rockin' wanna get the power of music
Keep on rockin', rockin' wanna have a good time with
you
Keep on rockin', rockin' wanna get the power of music
So keep it on so keep it on
Nothings gonna change my mind
But everything you do and I go to your show

Keep on rockin', rockin' wanna have a good time with
you
Keep on rockin', rockin' wanna get the power of music
Keep on rockin', rockin' wanna have a good time with
you
Keep on rockin', rockin' wanna get the power of music
So keep it on so keep it on so keep it on so keep it on

Keep on rockin', rockin' wanna have a good time with
you
Keep on rockin', rockin' wanna get the power of music
Keep on rockin', rockin' wanna have a good time with
you
Keep on rockin', rockin' wanna get the power of music
So keep it on so keep it on so keep it on so keep it on
