Riding on the rocket I wanna go to pluto
Space foods are marshmallows, asparagus, ice cream
Blue eyed kitty cat said, "please let me go with you"

Iko, iko everybody let's go
Iko, iko everybody let's go
Iko, iko everybody iko

Mercury venus jupiter saturn mars
Uranus neptune pluto and planet earth
Getting in radio communication
"Hello, hello"
Earth is like a little star, "hello hello"
Shaking her hip, blue eyed cat dances the mambo

Uka boo, uka boo everybody uka boo
Uka boo, uka boo, space walk, uka boo
Uka boo, uka boo, let's do the uka boo
Floating through space with you it's a dance party
Floating through space let's drink to the planet earth

Getting in radio communication
"Hello hello"
Earth is just a little star "hello hello"
Blue eyed kitty cat said, "let's do it one more time"

Iko, iko everybody let's go
Uka boo, uka boo, everybody uka boo
Iko, iko everybody let's go
Mercury venus jupiter saturn mars
Uranus neptune pluto and planet earth
Floating through space with you it's a dance party
Riding on the rocket, cheers to the planet earth
