I spent happiness
Before I ate strawberry cream puff
I had nothing to complain of
Before I ate strawberry cream puff
As if I were in a dream
Before I ate strawberry cream puff
I was satisfied with my life
Before I ate strawberry cream puff
It can easily disappear
It's just like a daydream
If you eat it only once
You'll be obsessed with it all your life!
But I can't make strawberry cream puff
And I can't get strawberry cream puff
I can't make strawberry cream puff
I couldn't never eat strawb' cream puff
Everyday is lonely
Since I ate strawberry cream puff
Everything is boring
Since I ate strawberry cream puff
My heart is breaking
Since I ate strawberry cream puff
There is something missing in my life
Since I ate strawberry cream puff
It can easily disappear
It's just like a daydream
If you eat it only once
You'll be obsessed with it all your life!
But I don't need strawberry cream puff
And I can't get strawberry cream puff
I don't need strawberry cream puff
I couldn't never eat strawb' cream puff
It can easily disappear
It's just like a daydream
If you eat it only once
You'll be obsessed with it all your life!
I know I can't make strawberry cream puff
I know I can't get strawberry cream puff
I know I can't make strawberry cream puff
But I need my strawb' cream puff
I know I can't make strawberry cream puff
I know I can't get strawberry cream puff

I know I can't make strawberry cream puff
But I need my strawb' cream puff
But I need my strawb' cream puff
I want my strawberry cream puff.
