Feel fine when I wake up in the morning
I feel good when I see the sun rise
If I drink wonder wine before I go to bed
Don't know the ingredients
But it tastes so sweet
I feel fine when I have a funny dream
I feel bad when I sweat at night
If I drink wonder wine just a bit
I don't know where it's from
But it tastes so sweet

Wonder wine you gave me
Wonder wine you know what it is
Wonder wine you gave me
Did you experiment with me

Feel fine when I wake up in the morning
I feel good when I see the sun rise
If I drink wonder wine before I go to bed
Don't know the ingredients
But it tastes so sweet

Wonder wine you gave me
Wonder wine you know what it is
Wonder wine you gave me
Did you experiment with me

Wonder wine you gave me
Wonder wine you know what it is
Wonder wine you gave me
Tell me your plan now
Before I go too far
