"I Take You With Me"

Performed by Melissa Etheridge)

Past the devil's own temptation

Beyond where angels sleep

To the holy invocation

Of a neon city street

I feel your hand

I hold you

Through your eyes I see

My love, wherever I go

I take you with me

Down the road of my desires

To the oceans of my peace

Through the fueling of my fires

Until my yearnings cease

I hear your voice

I know you

In your arms I sleep

My love, wherever I go

I take you with me

Even though I've fed my hunger

Even though I've named my fear

I'll never understand it
How the journey led me here
But I have made a promise
That I intend to keep
My love, wherever you go
I take you with me
