So it comes to the end of the day  
Checkin out of my hotel room today  
Been two years since i've seen your face  
Girl beside me reminds me how you taste  
Since i've seen you i've been beaten down and bruised  
Everyday feelin more and more misused  
Never thought that i would be without your love  
Years gone by your still the one im thinkin of

(chorus)

Sweet savanah you shine so bright  
May the evening bring your favorite night  
Sweet savanah youve been gone so long  
And ive got to move on

Its gettin cold i put my jacket on your back  
We smoke a cigarette the last one in the pack  
I still remember exactley what you said  
You had demons you couldnt put to bed  
Now i'm leavin yea i'm moving out west  
And its time for us to lay our history to rest  
I still remember the tear drop in your eye  
But you know i couldnt stand t see you cry

(chorus)

Sweet savanah you shine so bright  
May the evening bring your favorite night  
Sweet savanah youve been gone so long  
And ive got to move on

So now i close on the hollywood night  
With this counter culture culptivates  
And this emptiness inside  
Would it be different if you were still here in my life  
Would i be sober would u be my wife

(chorus)

Sweet savanah you shine so bright  
May the evening bring your favorite night  
Sweet savanah youve been gone so long  
And i've got to move on
