Thirsty, I want you. A taste that, haunts you.
Can't wait, gimme gimme, all night, in the city, one foot
out the door.

Do it cuz you wanna, do it cuz you want all night, oh
yeah.
Do it cuz you wanna, Shake me!

I know we only got tonight. We gonna smoke more than
cigarettes if that's all right?
I'm gonna tear that off of you. I wanna scream more,
more, more, after you.

Do you want me? I want you. A taste that haunts you.
Can't wait, gimme gimme, all night, in the city, one foot
out the door.
Do it cuz you wanna, do it cuz you want all night, oh
yeah.
Do it cuz you wanna, Shake me!

I know, I know you gotta go. Gimme one last fix, gimme
one for the road.
Gimme trouble, gimme sin, tell me where to begin,
finish up down on the floor.

Do you want me? I want you. A taste that haunts you.
Can't wait, gimme gimme, all night, in the city, one foot
out the door.
Do it cuz you wanna, do it cuz you want all night, oh
yeah.
Do it cuz you wanna, Shake me!
