Remember when we, were best friends  
And nothing could tear us down  
And everything we, had talked and dreamed of  
Never seemed so far away  
So do you know why, the way  
The life we wanted wasn't destined for it to  
Be, the way, we planned it  
So tell me

Why do all things have to end  
When everything seemed perfect  
Why does everything fall apart  
Right when it always does  
And I, well I won't try  
To stop you from walking away  
But know that it's your biggest mistake  
Cuz I was there from start to end, I was your best friend

Remember when you, and I  
Could drive around for hours and never get  
Bored, but now,  
No words are spoken and everythings just  
Fine, Is it wrong  
That I don't even miss it at all, so is it  
Wrong, that I, don't even miss you at all  
Just tell me

Why do all things have to end  
When everything seemed perfect  
Why does everything fall apart  
Right when it always does  
And I, well I won't try  
To stop you from walking away  
But know that it's your biggest mistake  
Cuz I was there from start to end, I was your best friend

Now, I see, the darker side of you and the lighter side  
of  
Me, and I'm just fine without you in my life, so tell me  
Why, I should ask you to stay, you make me happy but  
I'm better off this

Way, so when you try to come back all that I'll say is

You shoulda told me

Why do all things have to end  
When everything seemed perfect  
Why does everything fall apart  
Right when it always does  
And I, well I won't try  
To stop you from walking away  
But know that it's your biggest mistake  
Cuz I was there from start to end, I was your best friend
